

Africa Harvest Mission

Help us acquire A new truck & Better Sound

Ev. Steven Sebyala

We thank Pr. David Wilkerson and World Challenge who donated the truck that has served for over 15 years and looks like all life is gone out of it. It has traversed all over Africa and is now too old!

Our Sound Equipment has also become very inadequate to the vast multitudes of people who gather at different crusade grounds.

We are now appealing to all who have Africa at heart to help us to get a new larger truck to move faster and a better sound to amplify the voice of the gospel.

The new truck will cost us **US\$142,000** and the new sound system will cost us **US\$130,000**

Any contribution of any size is welcome.
